

# GLENROCK GARDENS

*This venue is the perfect setting for any event, be it a garden wedding, a workshop or even a garden tour. The gardens are exquisite, a photographer's paradise, and include many differing garden rooms and water views within the 10 acre garden. There is ample parking space and buses can all be accommodated as well.*

*It brings us much pleasure to share our garden with you in all 4 seasons. Please visit us soon!*
